PATENT

IN THE UNITED STATES PATENT & TRADEMARK OFFICE

Applicant:	LOUIS ET AL.)	
)	Examiner H. Choe
Appl. No.	10/691,024)	
)	Art Unit 2817
Confirm. No.	5009)	
)	Atty. Docket No. CS22853RL
Filed:	22 October 2003)	
Title:	"Power Amplifier Control Based On Load Impedance And Methods"		

INVENTORS' DECLARATION
UNDER 37 C.F.R. § 1.131

Commissioner for Patents
Alexandria, Virginia 22313-1450

Sir:

This declaration is to establish conception of the subject matter of the present application in the United States or other provincial region permitted by Rule prior to the effective date of United States Patent No. 6,756,852 filed on 11 March 2003 entitled "Method For Reducing Output Noise of Power Amplifier" to Chen (Chen Patent) and diligence to the filing the present application (constructive reduction to practice) from a time prior to the effective date of the Chen Patent, 11 March 2003, to the filing date, 22 October 2003, of the instant patent application.

In support of this Declaration, we, Lazaar J. LOUIS & Matt C. HAYEK, inventors of the instant application, declare and sayeth the following:

That claimed subject matter of the instant patent application stands subject to a rejection under 35 U.S.C. 102(e) for anticipation by United

Examiner H. Choe
Art Unit 2817

States Patent No. 6,756,852 filed on 11 March 2003 entitled "Method For Reducing Output Noise of Power Amplifier";

That the claimed subject matter of the instant patent application was conceived in the United States or other provincial region permitted by Rule before the effective date (11 March 2003) of the Chen Patent in the course of employment by Motorola Inc., the assignee of record at REEL/FRAME 014632/0105;

That the claimed subject matter of the instant patent application was the subject of a written invention disclosure (ID No. CS22853RL) prepared and submitted, with diligence, to a patent committee of Motorola Inc., the assignee of the instant patent application, for the purpose of documenting and evaluating invention disclosures for patent protection;

That, after consideration of the written invention disclosure, ID No. CS22853RL, by the Motorola Inc. patent committee, a patent specification and drawings were prepared by or on behalf of an attorney or agent of the assignee based on the subject matter of the written invention disclosure, ID No. CS22853RL, and that the patent specification and drawings were reviewed and completed with diligence from a time prior to the 11 March 2003 effective date of the Chen Patent to the filing date of the instant United States patent application on 22 October 2003;

That the attached written invention disclosure, ID No. CS22853RL, is a true copy of the original written invention disclosure on which the instant patent application is based;

That the redacted conception date (MPEP 715.07) on the attached written invention disclosure, ID No. CS22853RL, is before the 11 March 2003 effective date of the Chen Patent;
